Chapter 1

Main Page

arm-uLoader

Project for advanced arm programming

Chapter 2

Todo List

Member muh (int count)

moo not so loud

Chapter 3

File Index

3.1 File List

Here is a list of all files with brief descriptions:

/home/booker/repos/arm/uLoader/include/test.h
Function prototypes for the console driver 7
/home/booker/repos/arm/uLoader/src/test.c
Function source for the console driver 8

Chapter 4

File Documentation

4.1 README.md File Reference

4.2 /home/booker/repos/arm/uLoader/include/test.h File Reference

Function prototypes for the console driver.

Functions

- char * muh (int count)

  This function moos.

4.2.1 Detailed Description

Function prototypes for the console driver. This contains the prototypes for the console driver and eventually any macros, constants, or global variables you will need.

Author

me

4.2.2 Function Documentation

4.2.2.1 char* muh (int *count*)

This function moos.

The Cow is a really friendly Cow.

Parameters

count	How many times the Cow does moo.

Returns

How it mooed. Error if NULL.

Warning

Mooing can be very loud.

Example Usage:

```
muh(3); //cow moos three times
```

Todo moo not so loud

4.3 /home/booker/repos/arm/uLoader/src/test.c File Reference

Function source for the console driver.

Functions

- char * muh (int count)
  This function moos.

4.3.1 Detailed Description

Function source for the console driver. This contains the source for the console

Author

me

4.3.2 Function Documentation

4.3.2.1 char* muh (int *count*)

This function moos.

The Cow is a really friendly Cow.

Parameters

count	How many times the Cow does moo.

Returns

How it mooed. Error if NULL.

Warning

Mooing can be very loud.

Example Usage:

```
muh(3); //cow moos three times
```

Todo moo not so loud
